

Wireless Print Server Pro EU

Hotspot for wireless printing

DNP
Photo Imaging

The wireless shoot-to-print network box

Wireless Print Server Pro EU (WPS Pro EU) creates a hotspot for instant photo printing without the hassle of additional equipment. Just couple any image capture device* with the DNP printers to obtain premium quality photo prints on site and within minutes.

WPS Pro EU allows event photographers to efficiently increase their shoot-to-print business by eliminating the use of wires and memory cards.

Easy as 1-2-3. Capture, Print, Sell!
