

DT-T6mini

11.6" tactile order terminal

DNP
Photo Imaging

Taking self-service printing experience to the next level.

DT-T6mini is a desktop station designed for photo kiosk systems.

The order terminal enables end-users to prepare their order autonomously.

The new 11.6" LCD multitouch screen offers an intuitive interface and a comfortable new printing experience.

Customers can connect instantly any devices wirelessly or by cable, and put their phone down on a secure anti-slip rubber pad. Creating amazing photo books⁽¹⁾, photo collages, photo cards⁽²⁾, calendars or greeting cards has never been more fun and easier.

Compact once folded, take it everywhere!
